

San Diego County Treasurer's Pooled Money Fund

Credit Quality Ratings Definitions

AAAf The fund's portfolio holdings provide extremely strong protection against losses from credit defaults.

AAf The fund's portfolio holdings provide very strong protection against losses from credit defaults.

Af The fund's portfolio holdings provide strong protection against losses from credit defaults.

BBBf The fund's portfolio holdings provide adequate protection against losses from credit defaults.

BBf The fund's portfolio holdings provide uncertain protection against losses from credit defaults.

Bf The fund's portfolio holdings exhibit vulnerability to losses from credit defaults.

CCCf The fund's portfolio holdings make it extremely vulnerable to losses from credit defaults.

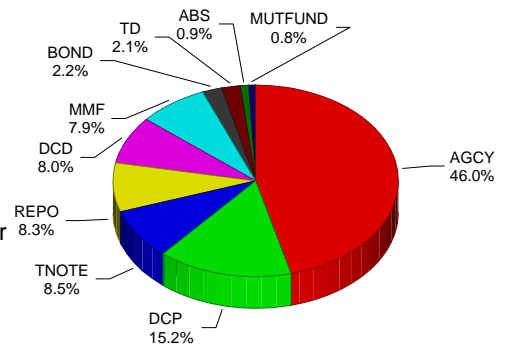

Plus (+) or Minus (-) The ratings from 'AAf' to 'CCCf' may be modified to show relative standing within the major rating categories.

Credit quality ratings, identified by the 'f' subscript, are assigned to bond funds and other actively managed funds that exhibit variable net asset values. These ratings are current assessments of the overall credit quality of a fund's portfolio. The ratings reflect the level of protection against losses from credit defaults and are based on an analysis of the credit quality of the portfolio investments and the likelihood of counterparty defaults.

*As assessed by Standard & Poor's

Fund Highlights

- Managed by San Diego County Treasurer's investment staff on behalf of the county, school districts, colleges, special districts and agencies.
- The objective is to safeguard principal, maintain liquidity and to achieve a market investment return.

Management

The pool's investment team has considerable investment experience. The primary portfolio manager, Chief Investment Officer Rob Castetter and his team of investment professionals are responsible for the pool's day-to-day management. Rob has more than 22 years investment experience with San Diego County and focuses on managing and controlling risk in the portfolio. The Chief Deputy Treasurer, Lisa Marie Harris, is responsible for establishing and maintaining an internal control structure designed to ensure that assets of the County are protected from loss, theft or misuse. The pool's investment team reports to the County of San Diego Treasurer/Tax Collector, Dan McAllister. A ten-member oversight committee, comprised of county officials, school district officials, a special district official and up to 5 public members which reviews and approves the investment policy.

Credit Quality

The investment portfolio is heavily invested in the highest quality securities. Managers limit the potential losses due to credit risk and market risk by investing in highly rated paper rated at least A or better by Standard & Poor's. The AAAf rating indicates the extremely strong protection the pool's portfolio investments provide against losses from credit defaults. The S1 volatility rating signifies that the pool possesses low sensitivity to changing market conditions given its low risk profile and conservative investment policies. S&P regularly

monitors the pool's portfolio holdings to maintain the accuracy of its credit quality and volatility profile.

Portfolio Assets

The pool's primary objectives are to safeguard investment principal, to maintain adequate liquidity to meet daily and longer-term projected cash flows and to achieve an investment return on the funds within the parameters of prudent risk management. The pool continues to invest in top-tier commercial paper, U.S. Agencies, medium term notes, 'AAAm' rated money market mutual funds, repurchase agreements and other high credit quality short-term money market securities. The pool, which averaged \$4.5 billion in assets during the past year, invests a minimum of 25% in securities maturing overnight to 91 with a total of 50% maturing (one year or less) and the remainder of the portfolio in securities maturing in five years or less.

Investors should consider the investment objectives, risks and charges and expenses of the fund before investing. The prospectus which can be obtained from your broker-dealer, contains this and other information about the fund and should be read carefully before investing.

Volatility Ratings Definitions

S1 Low sensitivity to changing market conditions. Within this category of (S-1) certain funds may be designated with a plus sign (+). This indicates the fund's extremely low sensitivity to changing market conditions.

S2 Low to moderate sensitivity to changing market conditions.

S3 Moderate sensitivity to changing market conditions.

S4 Moderate to high sensitivity to changing market conditions.

S5 High sensitivity to changing market conditions.

S6 Highest sensitivity to changing market conditions.

Volatility ratings evaluate the fund's sensitivity to interest rate movements, credit risk, investment diversification or concentration, liquidity, leverage, and other factors.

Not all bond funds have volatility ratings

The volatility rating for this fund issued by Standard & Poor's can be found in the 'About the Fund' section on page 1. There is no standard method for determining volatility ratings. The rating is current as of the date of this profile report. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same rating or perform in the future as rated. Not all bond mutual funds have volatility ratings and those that do may have paid for them. The fact that a fund has a rating is not an indication that it is more or less risky or volatile than a fund that does not. The fund or a third party participating the marketing of fund shares paid Standard & Poor's for this rating. Standard & Poor's receives no payment for disseminating ratings, except for subscriptions to its publications
